

February 25, 2020

To Whom it May Concern,

Hannah Tough worked as a Marketing Coordinator for a year and a half, under my supervision at Priority Submetering Solutions Inc. During that time, Hannah was responsible for a variety of tasks. She was involved in the implementation of our new website, wrote monthly blogs for the website & newsletter and conducted monthly Marketing meetings. Hannah also organized, booked and attended tradeshow, handled day to day workload, and was also heavily involved in our transition from one Customer Relationship Management system to another.

Hannah is focused, enthusiastic and hardworking. She is an outstanding writer, has strong organizational skills and excels when it comes to dealing with people and organizing and managing data for large projects. She has a positive attitude, which makes her a pleasure to work with.

I recommend Hannah for any job that she is considering in the Marketing or Communications field. If you have further questions about Hannah, please do not hesitate to contact me directly, at 905-837-3624 or 905-999-0064.

Sincerely,

Kirsten Schmid
Office Manager
Priority Submetering Solutions Inc.
